HERE'S ANSWERS TO YOUR 'WHAT?'

COMMERCIAL CLUB SECRETARY AND COMMITTEE REPORT.

SUMMARY OF YEAR'S WORK IS CREDITABLE

Better and Bigger Business, Good Roads, Cleaner City, and Civic Welfare Have Resulted.

It is possible occasionally to hear a person say: "Well, just what is a commercial club for anyway? What do they do? Are they just a hot-air booster organization, always planning and never accomplishing?"

Some commercial clubs in other cities may have a hard time to answer such questions at times, but the Maryville Commercial club certainly has a battery of answers ready, as shown by the annual reports of the secretary, W. R. Jackson, and the chairmen of the various committees.

President C. C. Hellmers paid a tribute to the working organization when he said in the opening speech at the close of the banquet last night that he felt that he had just begun to work for the club, and would do more than ever in the future. Mr. Hellmers paid a tribute to Mr. Jackson's energy and optimism in spite of rebuffs and refusals.

The secretary's report did not deal with any of the regular work of the committees, but with things handled in connection with other organizations or by special committees. Among these activities was the entertaining of the Northwest Missouri Press association, with Senator James A. Reed and Lieutenant Governor Painter as speakers.

One Year's Achievements.

Guinea Day, June 6; Clean-Up Week, the securing of the Maryville band as the official Fourth Regiment band and the paying of the leader's salary, the welding of the charity organizations into a central welfare bureau, two Booster Days, Pay-Up Week, the sending of the best Nodaway county boy to the state fair school at Sedalia, the Poland-China banquet, the community Christmas tree, were among the things discussed by Mr. Jackson.

"And that isn't the whole story," said Mr. Hellmers, when he had finished, "for he doesn't tell of the scores of propositions which have to be sifted out, most of which you never hear of and are not troubled with."

"Few of the members even realize how much money the Maryville Commercial club expends in a year," said Joseph Jackson, Jr., chairman of the finance committee at the beginning of his report. "During the last year, starting with a balance of $266.91, we have received $1,547.81 from dues, and $1,572.16 from the credit rating and smaller special assessments for the sales days and other enterprises sufficient to make the balance receipts $5,167.61. We have spent $4,709 and have a balance on hand of $457.64."

The budget system is being put in effect by the club. By this it is proposed to get $900 from the dues and a like amount from the credit rating bureau. General subscription and special assessments will be used more often also. For instance, $1,300 was given in agricultural premiums, and such amounts should not come only from members of the Maryville Commercial club.

Another Clean-Up Week Soon.

Dr. Jesse Miller, in giving the report of the civic welfare committee, said that another Clean-Up Paint-Up Week would probably be held in Maryville soon. The campaign of all last summer, in which the third ward won the cup for the greatest improvement, was told of. Other achievements of this committee were getting the Burlington to widen the crossing on East First street and the city's rounding the corner at Main and Edwards streets. The arbitration work of the committee was not needed during the year.

An unprecedented year on the subject of roads was reviewed by John Sewell, chairman of the good roads committee in his report. Emergencies which arose like the 7-inch rain July

MUST HAVE 100 ROOMS

300 Knights of Columbus, Representative Men From All Over Missouri, Second Week in May.

"Maryville will entertain at least three hundred of the representative men from all parts of the state,' said James Cummins to the Commercial club meeting last night. "That means that we must have at least one hundred rooms beside the regular accommodations of hotels and boarding houses for the second week in May to entertain the visiting Knights of Columbus.

"These rooms will be paid for at regular rates, but we are anxious to have that off our minds as soon as possible, so please let me or some member of the Knights of Columbus know as soon as you can where rooms may be obtained. Maryville won over St. Louis in the convention last year, and our honor and hospitality is now at stake and we must make good."

As the Knights of Columbus is a Catholic organization, one of the principal events of the week will be an automobile trip to Conception and Clyde to the abbeys.

RIGHT UP TO US NOW

DOES MARYVILLE WANT THE BEST IN MUSIC.

NEXT 2 DAYS WILL SHOW

Minneapolis Symphony Orchestra is Guaranteed $1,400 by Few—Must Have General Support.

"The week has come for Maryville to say whether she shall be known by something still better than that of having best stores best homes best schools, etc., in northwest Missouri," said P. O. Landon to the members of the Commercial club last night. "We have had big cultural things in Maryville before, but nothing to be compared with the Minneapolis Symphony orchestra.

"It really is a large affair and you men must get behind it. I have hope now that with good weather Friday we may come out even. But you ought all to have a civic pride like one of the preachers of Maryville, who could not be in Maryville Thursday and Friday. He said, however, that he felt that such things ought to be supported, and therefore bought two tickets, with orders to give them to someone who would appreciate such a treat but would be unable financially to go.

"Preachers are not flush with money, but that's how he felt about it. Some of you seem to think that it is just a part of my business to give all this time to the orchestra, but there is nothing in it for me in a money way, and to give two weeks of my time is just as hard on my business of selling pianos as for you to give that much time from your business.

"I have done this because I think it is worth while for the city to have such a cultural advantage. It is surely no more than reasonable to expect the patronage of everyone for tickets for themselves and family."

Class Maryville is In.

The Minneapolis Symphony orchestra is in Ohama today and tomorrow. It travels in two special cars. On account of bad conditions, Walter Heighton, manager, has arranged for a special train to run from here to Kirksville, Mo., with the orchestra, where they will play Saturday.

Fifty cities will be visited in the middle west in the spring tour of the orchestra. Two and three days are given to several of the towns. Among the list, as an indication of the class with which Maryville aligns herself by bringing the company here are:

Mitchell, S. D.; Sioux City, Topeka, Emporia, Lawrence, in Kansas; Oklahoma City, Tulsa and Muskogee, in Oklahoma; Little Rock and Fort Smith, in Arkansas; Warrensburg and Sedalia, in Missouri; Jacksonville, Decatur, Urbana and Mattoon, in Illinois; Terre Haute and Lafayette, in Indiana; Davenport, Waterloo and Iowa City, in Iowa; Grand Rapids and Lansing, in Michigan, and Duluth, in Minnesota.

ST. JOSEPH NIGHT

FOUR "CITY WORTH WHILE" CITIZENS SPEAK HERE.

CLUB HAD LARGE BANQUET

E. L. Platt, T. C. Middleton, H. F. McDougal and B. Raleigh Martin at Annual Commercial Meeting.

Last night will go down in the annals of the Maryville Commercial club as St. Joseph night. In addition to E. L. Platt, president of the St. Joseph Commerce club, and Tom C. Middleton who were the principal speakers, H. F. McDougal, a newspaper man was present and B. Raleigh Martin, former Maryville attorney, both of whom made short speeches.

Judge C. H. Mayer was also present at the banquet but had to leave at 8 o'clock to hold a session of court and was therefore not able to make a speech. Mr. Platt said in opening his speech that he had really been very surprised at the enthusiasm and "pep" which he had seen displayed at the meeting.

The speaker then discussed at length with many figures the astonishing prosperity of the United States at this time. He gave statistics of the growth of business which sound almost impossible. Mr. Platt believes that the ammunition should be kept in the United States.

"The Du Pont powder company has secured profits beyond dreams of men and yet frankly is in a law suit over them. I am questioning," said Mr. Platt, "whether the United States can stand the intoxication of such profits any better than the Du Pont family. Right now the United States is using up the capital of other countries, their reserve already having come over here. Such a thing was never heard of before.

Never Will Be Bigger.

"I believe that the United States is enjoying the biggest year she ever will know in a financial way. So we must prepare to get independent of the war trade so no crash will come. We must make congress catch the vision of a proper maritime service for commerce."

After a number of complimentary remarks on the Maryville Normal, the speaker discussed at length his views of the shortcomings of education in fitting the students for business life. He pointed out that 90 per cent of the business men fail or get out of business. So we must train our young people to be better citizens and business people as well as better scholars.

Mr. Platt urges that the business and social world around be used by the schools more as a laboratory. But he pointed out also that American men have been too busy in the past building a material foundation and that they must know how to turn to higher and better things. He said that we must tame the dollar mark to a higher duty.

"Every man should belong to a commercial club. We should co-operate. I am aware however, that one has to steep that word a long time now to get anything out of it. But how despicable is the man to put nothing into a community and gets all he can out of it. We should desire to be of service to the community.

Golden Rule Tames \$

There have been three stages in the business of the world. Cain killed his brother, Abel, to destroy competition. The stage lasted until 600 years B. C., when the Chinese sage, Confuscius, gave the negative of the golden rule, "do not do unto others what you would not have them do unto you." Then came the greatest of all injunctions: "Bear ye one another's burdens. Whatsoever ye would that men should do unto you, do ye even so unto them."

"That is real business sense. A real estate agent told me that he believed land sold 25 per cent cheaper in St. Joseph than it should because the real estate agents knock each other so much. The mail order houses sell $12,000,000 worth of goods a month and every cent which leaves your town and mine saps out our very life blood.

"There is no such thing as a foreign nation now. We can stand on the shores of the Atlantic and talk with Paris. The world is really and truly one big neighborhood. It is really a problem of the future whose religion and civilization will last. So I would that I had the power to pluck a lofty pine from off the frozen shores of Norway and dipping it into the fire of Vesuvius and write in flaming letters across the heavens: 'Whatsoever ye

KAN. REJECTS MAJOR

RESOLUTIONS COMMITTEE WOULD NOT CONSIDER MISSOURIAN.

WOMAN SENT TO ST. LOUIS

Prohibition and Suffrage Indorsed and Greetings Are Sent to Bryan—Sapp Committeeman.

Special to The Democrat-Forum.

Hutchinson, Kan., April 12.—After a contest which lasted until after 6 o'clock last night the resolutions committee of the Democratic state convention of Kansas was able to agree on a set to be presented to the convention. The committee refused to hear John H. Atwood of Kansas City, Mo., on the candidacy of Governor Major of Missouri for the nomination of vice president at the national convention. A minority report indorsing Major was threatened, but was not brought before the delegates for a vote. The resolution praised President Wilson and lauded the work of the party in fulfilling the pledges made in 1912.

Parts of the resolutions adopted follow:

"We stand for a safe and sane and adequate preparedness of our navy and military establishments. To that end we favor the enacting into national law the provisions of the Hay bill, which places our military reliance in times of war on our trained citizen soldiery.

"Women suffrage accords with the principles of Democracy. A voice in the conduct of public affairs is a right of women in the same sense and to the same extent as of men. Kansas recognizes this right of its women and recommends similar action to the other states.

Indorse Prohibition Law.

"More than thirty years of prohibition in Kansas of the traffic in intoxicating liquors has demonstrated the wisdom of the law and we urge good citizens everywhere to aid in removing the curse of alcoholic beverages.

"We send greetings to that peerless Democrat, W. J. Bryan, and express the confident hope that he will again be a delegate in the next national Democratic convention.

Kansas will send a woman as delegate to the national Democratic convention. A woman is also first alternate. The delegates and alternates are:

Mrs. W. A. Harris of Lawrence, by acclamation; United States Senator W. H. Thompson, now of Kansas City, Kan.; A. A. Doerr, Larned, and Judge A. M. Jackson of Winfield.

The alternates elected were:

Mrs. Samuel Hale of La Crosse; W. H. Carpenter, Marion; George Neeley, Hutchinson, and Albert Marshall, Lincoln.

W. F. Sapp of Galena was re-elected national committeeman, after a bitter fight, by J. W. Orr of Atchison. Former Governor Hodges supported Sapp.

NORMAL TEAM TO LIBERTY

WILL MEET WILLIAM JEWELL COLLEGE TOMORROW.

Bearcat Base Ballers Will Play Missouri Wesleyan at Cameron Friday Afternoon.

The base ball team of the State Normal school will leave tomorrow morning on a two-game trip to Liberty and Cameron for games with William Jewell and Missouri Wesleyan. Only nine men will be taken on the trip, accompanied by Coach George Palfreyman.

The nine men are: Wakeman, Hickman, Tilson, Leech, Scott, Miller, Vandersloot, Mercer and Paul Wilson. Mercer will be shifted to center field. Wood Adams is ineligible on account of grades. Wakeman will have to pitch both games. Jewell played their first game Monday, defeating Central college 6-0.

Director Walter Hanson will not make the trip, as he will be one of the officials in the track meet at Parnell Saturday. The result of both ball games at William Jewell tomorrow and at Cameron Friday will be received as soon as possible after the game by The Democrat-Forum.

Mr. and Mrs. E. R. Belcher left last evening for Wray, Colo., where they will make their future home.

FIGHT WITH FIRE AGAIN

Great Britain Tells United States That Germans Taken From Ship Were Plotters.

Special to The Democrat-Forum.

Athens, April 12.—German troops are assuming the offensive on the Serb-Greek frontier and have captured fortified positions of Devetpo. This may presage a general German offensive against the allies in the Balkans.

German Attacks With Fire.

Paris, April 12.—German infantry attacks with liquid fire were repeated on the west of the Meuse river section and Verdun last night. The French war office official communication announces that the Teutons assaulted the French positions of Cauretta Woods, but were repulsed. Violent bombardment of the French positions being maintained from Douazmont-Vaux front.

England Answers Protests.

Washington, April 12.—Great Britain contends that the removal of thirty-eight Germans, Austrians and Turks from the American steamship China by the British cruiser in the Chinese waters on February 18 to be legal, because those persons were engaged in plotting against the British government. Both American protest and the British reply were given out for publication by the state department today.

London, April 2. —The new 39,000 ton British steamer Senator was submarined and sunk.

Mrs. Murrin's Brother Dead.

Mrs. John Murrin has received word of the death of her brother, Walter Foss Maloy of Louisville, Ky., who died last Friday and whose funeral was held Sunday at that place. Mr. Maloy was Mrs. Murrin's only brother. He was 57 years old and suffered a stroke of paralysis causing his death.

VILLA'S END NEAR IF HE ISN'T DEAD

BANDIT BELIEVED TO BE SURROUNDED.

CARRANZA PERMITS FULL USE OF R. R.

Co-Operation Becoming More Cordial —Funston Believes Villa Is Alive and Active.

Special to The Democrat-Forum.

Washington, April 12.—The Carranza agency in Washington claims to have received advices that Villa has been surrounded by Carranza and the American forces and that his capture or death is certain shortly. Advices to the agency said that Villa's force has been cut down to about a hundred and fifty men.

Carranza, for the first time, has given the use of the Mexican Central railway to send supplies to General Pershing. General Funston notified the war department that nine cars of oats and hay have been forwarded to the American consul at Chihuahua for distribution. Officials take Funston's telegram to mean Carranza is showing a real desire to co-operate with the American forces.

High army officers do not conceal their anxiety over peril which impends the expedition in Mexico. Scores of Americans on the west coast of Mexico in grave peril, according to report from Admiral Winslow, and stated the feeling against Carranza is growing acute.

32 Villistas Are Killed.

El Paso, April 12.—Thirty-two followers of Villa are reported killed and forty others captured in a fight between the Mexicans and the United States troops at Troya between Jimenez and Parral. The remnants of the bandit gang fled in the direction of the Conchas river pursued by the Americans. Villa is not with the detachments and it is not known definitely whether he is living or dead.

Funston Doubts Villa's Death.

San Antonio, April 12.—General Funston has not received any official report of Sunday's fights south of Namiquilpa, where several Villistas were killed and thirty-five were captured. Among the prisoners were eight who confessed to having taken part in the Columbus raid, and they will be taken there to face the charge of murder. General Funston and other officers at Houston don't believe the report of Villa's death.

RICHARD HARDING DAVIS DIES

Famous Novelist Succumbs to Heart Failure, Brought on by Ptomaine Poisoning—Wife at Bedside.

Special to The Democrat-Forum.

New York, April 12.—Richard Harding Davis, famous novelist and war correspondent, died of heart disease at his home, in Mount Kisco, N. Y., but the news of his death was kept secret until today. He recently returned from Europe and suffered an attack of ptomaine poisoning two weeks ago. This brought on an attack of heart disease. Davis' wife, formerly Bessie McCoy, an actress, was at his bedside when he died. The funeral will be held Friday.

HEAR THE ORCHESTRA.

"For years our ideals have, of necessity, been material," said E. L. Platt, president of the St. Joseph Commercial club, last night. "Now, however, we have our material foundation well laid, and it is imperative that we turn our attention more and more to the higher and better things of life."

Those remarks of a successful business man were especially timely, in view of the fact that Maryville will attempt tomorrow and Friday to entertain one of the biggest things in a cultural way in the United States. We say "attempt," for the city of Maryville is still on trial. No one can say yet whether we, as citizens of this town of 6,000, care enough for the finest music to pay for it.

The obligation is somewhat civic. Town pride should make it essential that we show to the world that since we cannot go to the best things when they are given in nearby cities, except the favored few, therefore we desire to and can bring a really large attraction to our very doors so that te mass of the people may be given such an opportunity.

But civic obligation can be too general a term, and we may lose sight of the fact that such a city pride can only be expressed as you and I and the individual citizen goes to the Conservatory or the door and puts down the money for a ticket. A very few men are obligated for the guarantee of $1,400. Ticket sales are the only real civic and personal pride which will affect that guarantee.

If Maryville makes good on the appearance of the Minneapolis Symphony orchestra here this week, it will mean probably that the guarantors will have faith and the willingness to obligate themselves for large sums again on a guarantee to make possible each spring something of the very highest order. Now, what do you say?

Surely after you have given the foregoing considerations weight you will hasten to get your tickets if you have not already done so.

SALINE LAXATIVE
Even when the lanes of travel are unobstructed by war, only a comparatively few people can afford the luxury of a visit to the famous European watering places for treatment for their rheumatism, gout, stomach, liver and intestinal disorders due to an excess of uric acid in the system; but everybody can easily afford to take this effective, effervescent laxative, the formula of which is based upon the analysis of the best European mineral waters.
We strongly recommend this excellent preparation as being extremely helpful in any of the above named conditions. Money back if desired.

Jelly Roll Recipe

Only Two Eggs Required

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

This Jelly Roll is fast becoming very popular on account of the way it keeps fresh. With proper handling it should keep fresh a whole week, providing it isn't eaten up in the meantime, for it is every bit as good as it looks. 33

K C Jelly Roll

One cup sifted flour; scant half teaspoonful salt; 2 level teaspoonfuls K C Baking Powder; grated rind of 1 lemon; 2 eggs beaten light; 1 cup sugar; ½ cup hot milk; glass of jelly; powdered sugar.

Beat the sugar into the eggs; add the lemon rind, then the flour, sifted three times with the salt and baking powder; and, lastly, the milk. Bake in a buttered dripping pan; turn out on a damp cloth, trim off the crisp edges; spread with jelly and turn over and over into a roll while still warm. Dredge the top with powdered sugar.

Hot milk used in the jelly roll enables it to be rolled without danger of cracking. Have the milk scalding hot, also be careful to have the eggs and sugar beaten together until very light and creamy. Bake in a moderate oven.

K C Jelly Roll is illustrated on page thirty-two of the new and handsomely illustrated 64-page K C Cook's Book, which may be secured *free* by sending the certificate packed in every 25-cent can of K C Baking Powder to the JAQUES MFG. CO., Chicago, Ill.

STOP THOSE GULLIES!

If You Don't, A Bad Ditch Will Result in the Field.

Small gullies that have started in the field should be stopped by filling them with straw or similar material. If the gully is large it is advisable to plow in soil on top of this material and sow to oats or later to sorghum so that the crop will come up thick and form a strong root mass to bind the soil together. The proper use of debris for filling and rank growing plants for holding the soil will stop most washes entirely. Eternal vigilance, however, is necessary for complete success.—M. F. Miller, Missouri Agricultural Experiment Station.

Mrs. Charles H. Mayer of St. Joseph, arrived last night for a visit with her husband, Judge Mayer, who is holding circuit court here.

Do Something for your Cold.

Do not let it wear you out and encourage sickness. Take Dr. King's New Discovery. You will get instant relief.

Most of us neglect coughs and colds. We brush suggestions aside with the remark "I'll be better soon," and oftentimes we do get better. However, when that cough or cold gets a hold, it usually means annoyance, interference with our work and often a spell of sickness follows. Isn't it better *immediately* to check that cold and ease the cough? Dr. King's New Discovery does it! Search as you will, you will not find a better remedy.

Dr. King's New Discovery is made of Pine Tar mixed with soothing balsams and laxatives. It's antiseptic and kills the germs, allays the cold-fever and soothes the irritated, inflamed throat. The very first dose gives you relief. You cough with less strain. And if you have a hacking or dry night cough, grateful relief follows and you soon drop into a restful and refreshing sleep. Get a bottle to-day and let Dr. King's New Discovery be your cold and cough doctor. At all druggists.

HERE'S ANSWERS TO YOUR 'WHAT?'

(Continued from page 1.)

13-14, when the committee used the road dragging fund to get a mail road open each way from Maryville, within two days, caused an expenditure of all but $53.50 of the road dragging fund of $1,082.50 collected last spring.

The marking of the Saints Highway to the Andrew county line, on consent of the St. Joseph Auto club to make the route north to that point; the new highway, the Red Line, from Maryville to the lake district of north Iowa, and the fight to get the Saints Highway as a part of the Jefferson Highway between St. Joseph and Des Moines, by which it is believed that much traffic will come this way in spite of the official designation for the longer Interstate Trail, were among the things told of by Mr. Sewell.

Club's Agricultural Work.

The first tractor demonstration with three kinds participating was held under the auspices of the agricultural committee of the club. Roy Curfman, chairman, told also of the exhibits at the county fair and the efforts to send an exhibit of the county to the state fair at Sedalia.

Albert Kuchs, chairman of the entertainment committee reviewed the social part of the meeting of the Northwest Missouri Press association, the visit of the St. Louis business men, the program at Lasher school and the annual picnic for the school children.

The efforts of the transportation committee to get better Chicago connections for both passengers and mail at Creston were told by C. A. Wadley, chairman of the transportation committee. This committee also provided autos for the various occasions in which sight seeing trips were desired for visitors.

One of the most interesting of the reports was that of the factory and industrial interests committee as given by E. E. Williams, chairman. While nothing definite was done, this does not mean that no work was given or expended upon the many propositions which were sent to the club. An example of the kind of propositions offered was given.

What Visiting Factories Want.

"One often hears someone say that what Maryville needs is factory smoke," said Mr. Williams. "But I am convinced that community betterment should get the first efforts of the club members. Our great field lies in taking what we have and making it better; we should improve from within.

"This does not mean that we shall abandon our efforts for factories altogether, but so many of the propositions are wholly undesirable, the bonus asked by others is so prohibitive, and the attractive features of fuel, low freight rates and similar advantages are so scarce in Maryville that the prospect for factory growth is not bright."

A fruit drying company of Chicago wanted a 100x200 building, three stories high, and on three acres of land, and in addition a bonus of $25,000, to be used in buying fruit, and to be paid back with interest in succeeding years.

The business exchange committee, with C. W. Yehle as chairman, announced that the credit rating bureau has thirty-three members with 18,000 ratings upon 6,000 persons in Maryville's trade territory. This information helps the good credit person, for the members have the facts in their possession concerning those who are prompt and sure about their debts.

Made an Assistant Necessary.

The installment of the credit rating bureau made the hiring of an assistant necessary in the office. For instance, 1,088 letters for information were received concerning former residents of Maryville, and 2,604 letters were sent out last year by the club on this one feature alone. Letters of credit were given to many good payers who moved from Maryville.

A collection department was added at the first of the year which has already secured $719.60 in bad accounts. Conservative estimate of the committee is that the credit rating bureau has already paid several hundred per cent on the investment.

Dr. Charles T. Bell, George Robb Ellison and Edward Keck were elected directors of the Commercial club for three years by the members during the business session. The new board will meet at 9:30 tomorrow morning to elect the officers for the following year.

While the balloting for the directors was being taken, James Cummins spoke briefly concerning the coming of the state convention of the Knights of Columbus to Maryville the second week in May, and P. O. Landon made an announcement concerning the Minneapolis Symphony orchestra, which comes tomorrow. The members paying for a night watchman voted an indorsement of John Coleman for that place.

Mrs. Joe Bluel and son Louis left Monday for Rochester, Minn., where Louis will enter the hospital for treatment. They were accompanied by Mrs. Bluel's sister, Mrs. John Schwartz.

Leader of Party in the Independent Gives List of Achievements Commending Work.

Special to The Democrat-Forum.

Washington, April 12.—Politicians have been paying a good deal of attention to W. J. Bryan's review of the record of his party and statement of its claims on the country for indorsement at the polls next fall, as contained in a recent issue of The Independent. Mr. Bryan, of course, says that President Wilson will be renominated, and he believes he will be reelected.

The claim of the Democratic party upon the voters, as stated by Mr. Bryan, is based on the following achievements:

Direct election of United States senators.

Reforming the rules of the house of representatives.

The Underwood tariff law, which Mr. Bryan says is the best law of that kind the country has had for fifty years.

Currency legislation.

Anti-trust legislation.

Legislation providing for the independence of the Philippines.

The avoidance of war with Mexico.

The avoidance of war with Great Britain or with Germany.

The improvement of Pan-American relations.

The ratification of the Bryan arbitration treaties.

The record is an imposing one, and yet it is noted by Republicans that Mr. Bryan has included in his list of party assets at least three things that Republicans regard as its greatest liabilities—its Mexican policy, its European policy and the Underwood tariff law.

On the question of preparedness, which is now one of the largest issues of the country, Mr. Bryan, in his inventory, is noncommittal.

Miss Elsie Alkire left this morning for Barnard, where she will visit her sister, Mrs. L. B. Campbell, for several days.

Carthage Mothers Find New Way To Keep Boys Free From Colds

Now They Are Not Afraid to Let the Children Run Outdoors Freely.

Every mother knows how hard it is to keep children, especially boys, indoors in bad weather. And yet if they run out it usually means croup or colds. Carthage, Mo., mothers have solved this problem by keeping plenty of fresh air in the bedroom at night, and applying a hot application of Vick's Vap-O-Rub at the first sign of trouble.

Vap-O-Rub really is a remarkable preparation. It is the invention of a North Carolina druggist, and is universally used in the South, but was introduced here only last winter.

It comes in salve form and is applied externally over the throat and chest. Externally—it acts like a poultice or plaster, relieving the tightness and soreness. Internally—it acts like a vapor-lamp, except that you do not have to keep the windows shut and the fresh air excluded as you do with the old fashioned vapor-lamp. Vick's is so made that the body heat releases the ingredients in the form of vapors. These vapors are inhaled with every breath through the air passages to the lungs, carrying the medication right to the affected parts.

Mrs. Lee Wilkerson, 409 E. Chestnut St., Carthage, tried Vick's Vap-O-Rub for a cold and hoarseness in chest and throat, and also for muscular soreness, and writes—"I have never used anything with as good results. I believe it is a necessity in every home."

Mrs. M. L. Salyard, 1115 S. Maple St., Carthage, tried Vap-O-Rub for a "very severe cold in my head and received almost instant relief."

Mrs. Bertha Crowe, R. F. D. No. 7, has a little boy four years old who "is bothered with bronchial trouble, and catches cold whenever he runs out in damp weather. His head and nose stop up and he coughs so much that his lungs wheeze until you can hear him all over the room." Mrs. Crowe says she just rubs Vap-O-Rub well over the throat and chest and covers with a warm flannel cloth, and the vapors arising open his head. She also stops his cough by letting him swallow a small piece. In fact, Mrs. Crowe writes us quite a long letter and ends by saying—"I would advise all mothers to keep Vap-O-Rub on hand, especially if they have any small children. You don't need to buy cough syrups when you have a bottle on hand, and I find it better than any internal medicine." Three sizes, 25c, 50c or $1.00.

ST. JOSEPH NIGHT

(Continued from page 1.)

would that men should do unto you, do ye even so unto them.'"

Tom C. in Typical Middleton Speech.

Mr. Platt was followed by Tom C. Middleton in a typical Middleton speech. For thirty minutes he spoke more rapidly than a whirlwind and no one knows when and where he got his breath. "Words just tumble out of that man's mouth like waters over Niagara Falls," sai da hearer last night.

Mr. Middleton said that the world has always turned aside to hear and follow the man's whose soul is on fire and enthusiasm is fire. That was the secret of the following of Jesus Christ. So it was good to see the enthusiasm of the commercial members last night.

He pointed out that organization is good but that it is always necessary that machinery is not abused for anarchy will follow. He discussed the greed of moneyed men for more money and said on the other hand that when working men had succeeded in getting $10 a day, they would cease to go to their work and merely send their cards

"No, efficiency is not the ideal of America," said Mr. Middleton. "For efficiency in its finality means that man becomes a cog in a machine. Germany has the greatest efficiency but it is an autocracy. The ideal of a democracy is service.

One thousand men probably labored to make this banquet possible. And we must strive to keep such service possible. The civil war did not change this country as much as the social legislation of the last twenty-five years. The flag of the United States must not be a patent or trade mark of commerce but the spirit of America must stand forth and say: "I am here as one who serves."

"The best motto for this commercial club is the saying of Jesus, 'he that would be greatest among you, let him be the servant of all.'"

McDougal and Martin Speak.

Herbert F. McDougal when called upon for a speech said that the S. P. C. A. should be called out for service when a man is asked to follow a speech like Middleton's. He said that the commercial club has to combat the indifferent, lazy, suspicious and the good worker but without imagination. He scattered some good stories through his talk.

B. Raleigh Martin gave a tribute to Mr. Platt and to President Wilson. He praised the chief executive chiefly for keeping us out of war. He also observed that the United States prosperity had not touched him at first hand. He believes, however, that the impetus to commerce by the war will continue. He also spoke highly of Maryville as his old home.

Mr. and Mrs. C. F. Nicholson left this morning for Leavenworth, Kan., where they will visit the former's father, C. A. Nicholson.

Normal News

By Charles McReynolds.

A number of students took a hike to the country east of town, Sunday and had a feed in the grove. The following were in the party: Nancy Gustin and Ralph McClintock; "Billy" Cozine and Chido Scott; Retha Robertson and Lee Scarlett; Lavinia Robertson and Hubert Garrett; Lola Wright and Morris Fitzgerald.

Miss Emma Hardin came up from Stanberry Monday and visited school.

Philos Breakfast Taken.

The Philos became very energetic this morning and rose very early to have breakfast in the Normal Park. But Lo and Behold! When they went to the cupboard they found it exceedingly empty for while they slept the longed for breakfast had disappeared. But they felt very sporty and proceeded to order some more feeds and everything proceeeded as if the first eats had been in their possession. But at school this morning they appeared to have an attack of colic. Surely the second set of eats did not agree with them.

Eurekans Feed Today.

The Eurekan Literary Society of the Normal had some dinner at the Normal Park, at noon today. There was two big sacks of large oranges, two big sacks of eggs, ten pounds of wienies, coffee, cookies, bacon, and so much that most of the Eurekans could hardly get back to the Normal for the 1:30 class. They left for the birds about five dozen of well cooked eggs. The Philos for some reason or other are carrying long faces, especially when they meet the Eurekans.

This morning after the Philos had had their breakfast they brought some of it to school and offered the Eurekans the scraps, "little" did they dream that their "superiors" had a great feed waiting.

INTER-CLASS MEET FRIDAY

Track Athletics to Begin With Inter-School Contests—Grade Base Ball is Started.

Members of the High School Athletic association interested in track athletics met with Principal George P. McGrew at noon today and decided to hold an inter-class track meet Friday afternoon. The meet will probably be held at the fair grounds.

The grades base ball tournaments began Monday, when the A sixth defeated the B sixth team. The A fifth is the other team in this division. Yesterday afternoon the A eighth won from the seventh grade team 8-5. The B fifth and fourth will play the first game in their division tomorrow. All the games were on the Central school grounds, under the direction of the teachers.

PARNELL SCHOOL MEN HERE.

Were Conferring With Superintendent Bert Cooper.

Dr. H. Day, C. F. Sisson, George Felton and Charles Evans of Parnell were in the city today conferring with County Superintendent Bert Cooper relative to adding another year to the Parnell high school. The high school at that place is now a two-years course and another year will be added beginning with next fall.

The citizens of Parnell have raised $1,000 to fit up a room in the school building which has not been in use and to equip the room. It is the intention of the patrons of that school district to add another year to their high school after next year, making it a first class high school of four years.

Joe Diss of Lawton, Okla., arrived last night for a visit with his brother, J. S. Diss. This is Mr. Diss' first visit here in twelve years.

Prince Albert will show you the real road to smoke-joy!

Copyright 1916 by R. J. Reynolds Tobacco Co.

PRINCE ALBERT was made to create *tobacco content* where it never existed before! It permits men to smoke *all they want* without getting a sore tongue, without any comeback but real tobacco enjoyment! The patented process by which Prince Albert is made (and controlled exclusively by us) fixes that—and *cuts out* bite and parch!

PRINCE ALBERT
the national joy smoke

comes right to your taste fair and square! And it will do for you what it has done for thousands of men—make pipe or cigarette smoking the cheerfulest of your pleasures!

Prince Albert is to be had everywhere tobacco is sold in toppy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and—in that classy pound crystal-glass humidor with sponge-moistener top that keeps the tobacco in such fine shape—always!

What we tell you about Prince Albert is a fact that will prove out to your satisfaction just as quickly as you lay in a stock and fire-up!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

On the reverse side of this tidy red tin you will read: "Prince Albert—July 30th, 1907," which has made three men smoke pipes where one smoked before!
